

**Product ID:**  
RGH2 ECO

**Product Name:**

Eco Front & Rear D Safety Harness

**This environmentally friendly safety harness is produced from upcycled PET bottles.**

It is the first of its kind and has two attachment points, one on the chest and one on the back. Meaning it can be used in vertical fall protection and restraint situations in either vertical or horizontal planes.

Certified free from harmful chemicals as the dye used is OEKO-Tex (R). Along with being PFC-free (hazardous fluorinated compounds that are bio-accumulative).

**RGH2**

**Accredited to:**

EN 361:2002

**Web material:**

45mm upcycled PET bottle
